Petro Piamond Overview

Petro Piamond component solution Co. Ltd. Was founded in 2010, with participation several experts on different engineering and commercial fields. This company started its activity by supplying industrial parts and equipment. Cooperating with Asia Puran Bokhar Company, that constructs diverse range of mechanical parts over 25 years, Petro Piamond developed its activity by design and construction of industrial parts with competitive quality, with European and American ones. The main goal of this company is to supply and service to Iran's strategic industrial divisions like oil, gas, petrochemicals, power plants, steel, cement, wood and paper, rubber manufacturing, water and wastewater and etc. and also tries to develop consistently in order to offer better and satisfactory services to related industries.

Fields of activities

Petro Piamond's activities is divided to three parts:

1. Technical and Engineering Dept.:

Constructing Specific Mechanical Parts

Optimizing and Services

Designing, Installing and Operating Industrial Projects

2. Commercial Dept.: Supplying Industrial Parts and Equipment

3. Research and Development Dept.: optimum and innovative solutions

Field of Activities

Technical and Engineering Department:

mechanical parts manufacturing

Having professional industrial engineers and expertise and using computer aided design and analyze programs, this company manufactures high quality products including:

- Pumps: screw, gear, centrifugal, ...
- valves: piston valves, check valves, relief valve,...
- Gears: simple, helical, cycloid, spiral,..
- Mechanical seals
- carbon, grafite, selicon and other types of rings and parts
- rubber stabilizer
- rotary and swivel joints
- aluminum cooling impellers with dynamic balance
- couplings, bearings, flanges
- roller bearings
- insulators
- filtering
- Worm Wheel & Gear
- Parts for tire manufacturing plants
- And ...

Commercial Department

Supplying Industrial Parts and Equipment

Petro Piamond supplies diverse range of industrial parts for plants, and manufacturing industries with assistance of its international representative in Italy and connection with valid European companies. some of the industrial equipment and parts are as follows:

- **reciprocating and positive displacement compressors**

L&W (Germany-www.Lenhardt-Wagner.De)

Reciprocating Piston Compressors:

- Breathing Air Compressor (Mobile, Stationary, Compact, ...)
- Industrial Compressor

Bauer (Germany-www.Bauercomp.Com)

- Breathing Air Compressor
- Industrial Compressor

Alkin (Turkey-www.Alkin-Compressors.Com)

- High Pressure Compressor
- Medium Pressure Compressor
- Low Pressure Compressor

- **pumps**

Petro Piamond honors to work with following companies:

Official Representative of GEMMECCOTI

GEMMECCOTI (Italy-www.Gemmecotti.com)

- Mag-drive centrifugal pumps
- Mag-drive turbine pumps
- Mag-drive rotary vane pumps
- Mechanical seal pumps
- Liquid ring vacuum pumps
- ATEX pumps
- Vertical pumps
- Portable pumps
- Accessories

WITTE PUMP (Germany-www.Witte-Pumps.De/En)

Gear Pumps With High Pressure And Viscosity:

- Chemical Pumps
- Polymer Discharge Pumps
- Booster Pumps
- Extrusion Pumps
- Special Pumps
- Spin/Metering Pumps
- Low Pressure Industrial Pumps

MORGAN (Italy-www.Pompemorgan.Com)

- Positive-Displacement Gear Pumps
- Metering Gear Pumps Of High Precision And For High Pressures
- Variable Capacity Displacement Pumps

KIESEL (Germany-www.Kiesel-Online.De)

Pumps For Low- And High-Viscosity Fluids:

- Impeller Pumps
- Eccentric Screw Pump
- Rotary Lobe Pump
- Hose Pump
